

SUCCESS by DESIGN

AWARD WINNING CONSULTING

SUCCESS by DESIGN is now offering ON-SITE Training. Choose this option for training your personnel and \$ave on travel expenses !

We come to *you* with the top experts in the reliability and maintenance field. Our training program is unique to any other. We apply our hands-on field experience as well as easy to understand theory and applications.

All inclusive training for up to 12 personnel

* Additional personnel require extra fee per person

Courses offered:

- Electrical Motor Diagnostics Course 1
- Electrical Motor Diagnostics Course 2 (pre-requisite EMD-1)
- *A customized training to fit your company's needs*

We are not salespeople teaching classes about our products

We are technology neutral, so we can support you with whatever equipment the your company is using.

Using Your Case Scenarios
